<b>Coaches and Managers</b>											
The Center Referee will have to file a Send-Off report after the game day on all ejections that involved players or coaches of that game. I will need the complete rosters of both teams.											
<b>Important note: NorCal procedure states that Player and Coaches Passes will not be retained by the Center Referees and they have to be returned to the Players or Coaches that were sent off !</b>											
If any of your suspended players/coaches had served their suspensions, you will need to contact me immediately (with the games and dates that they served) so this list can be updated !											
Important Note: If I do not receive confirmation that suspension has been served, the Send-Off player or Coach will not be allowed to play any upcoming games.
